

Kool Kids Club

Care, Learning and Play

At Kool Kids Club we offer a fun and stimulating programme of activities and create a comfortable, friendly atmosphere with the aim of encouraging confidence, independence and enjoyment. Our goal is to help children develop their emotional, social, cognitive, interpersonal and physical skills, and to inspire their desire to explore, discover and be creative.

The Club will provide a well-planned and organised play environment that offers children stimulating experiences, alongside opportunities to explore, experiment, plan and make decisions for themselves. The programme of activities will recognise and consider the differing ages, interests, backgrounds and abilities of the children.

Activities are carefully planned to allow children to build on their natural curiosity, advance their thinking, use their imagination and develop positive social relationships. The Club will recognise a child's individuality, effort and achievement.

As often as possible, children will be involved in the process of planning activities so that the programme reflects their opinions, and so that children understand how the democratic system works, and how every voice matters. Such processes will be governed by the procedures set out in the Involving and Consulting Children policy.

Staffing arrangements at the club will provide opportunities for:

- Reflection on practice.
- Effective consultation with children
- Activity support from a knowledgeable and trusted adult, so that children are actively involved and interested.

Staff will:

- Display flexible styles of leadership and respond appropriately to children according to their age, understanding and needs.
- Support, recognise and promote achievements by all children.
- Provide children with a range of equipment and resources appropriate to their age and interests.
- Offer access to outdoor play every day, subject to weather conditions.

No child will ever be left unsupervised during activities at the Club
